

TEXAS A&M UNIVERSITY INTRAMURAL SPORTS HANDBOOK 2008-2009

Philosophy

The philosophy of the intramural sports program at Texas A&M University is to make participation in sports a meaningful part of a total education and to help produce a mentally integrated and socially adjusted individual by all-around participant in competitive and recreational activities.

The aim of the Department of Recreational Sports is to make participation in the intramural sports program safe, attractive, and desirable to a large number of students, faculty, staff, and spouses. The sports activities and recreational facilities are so varied that there is an opportunity for every individual to participate regardless of level of ability.

Article 1: Individual Eligibility

Statement of Purpose: Eligibility rules for Intramurals are designed to provide an opportunity for everyone to participate in a safe, balanced and fair competition. The rules listed below cannot provide for all possibilities; therefore, the Intramural staff, reserves the right to rule on the eligibility status of participants not covered specifically by the following rules.

Section I. The Department of Recreational Sports cannot assume responsibility for the eligibility of players, but will assist team managers and individuals with their problems and eligibility and interpretation of rules.

Section II. All current Texas A&M University students, faculty/staff, spouses and dependents 18-25 years of age shall be eligible to compete in Intramural sports, except as otherwise provided in the Rules and Regulations. All student participants must present their student I.D. Faculty/staff, their spouses and dependents age 18-25 must present their Rec Membership I.D. Students from other system components are ineligible to participate. Students from the Riverside Campus may compete if they purchase a Rec Membership.

- B. If any player using a letter of permission is found to be ineligible to participate in the Intramural Program, his/her team will forfeit the game, and the player will face department and possible university sanctions.
- C. If an Intramural participant is unable to show proper ID or a letter of permission, he/she will not be allowed to participate.

Section IV. Any individual is eligible to participate in Intramural Programs if he/she is not under disciplinary penalty prohibiting participation, and if the requirements of Intramural rules are met.

- B. If a team legally drops from competition before playoffs are posted, that team's members may play for another team in that sport. To legally drop a team, the captain must complete a team withdrawal form available in the Rec Sports office. The team must submit it to the staff member responsible for that sport by the posted date for playoff petitions.
