

SPORTS TRIVIA

Regulations published in the Texas A&M Rec Sports Handbook will be the governing policies for all intramural sports. Team captains are responsible for possessing a thorough understanding of these regulations and their implications.

1. **PLAYERS & EQUIPMENT**

- a. Each player must present a current Texas A&M student or a Rec Membership ID card in order to be eligible to participate. Failure to do so will prevent an individual from playing until the ID card is presented.
- b. All games will be played in the Student Rec Center Conference Room (room 255).
- c. Teams will consist of 4 players and rosters are limited to 5 total players.

2. **GAME FORMAT – JEOPARDY EDITION**

- a. Teams will play a preliminary contest to determine seeding for a single elimination tournament. All teams win or lose, will advance to the single elimination tournament.
- b. Each game will consist of three rounds with a short intermission between each round.
- c. Teams must have at least two (2) players to begin the game. The team can consist of any of the 5 roster players.
- d. Teams will be asked to designate a captain prior to the game beginning.
- e. Each player will have a hand held buzzer provided by the staff on duty for each round.
- f. How the game works:
 - i. **Round 1** – Jeopardy. There will be categories with questions ranging from 1-5 points. The team must get the question right in order to receive all points. If they miss any part of the question, the team will lose those points.
 - ii. **Round 2** – Double Jeopardy. Same as above.
 - iii. **Round 3** – Final Jeopardy - In order to compete in this round teams must have a positive amount of points. Each team will wager how many of their current points but not to exceed the total amount as to whether or not they will get the answer right. If they get it wrong, they lose those wagered points and if they get it correct they gain those points.
 - iv. **If a team answers a question correctly they get to choose the next question until someone else guesses correctly.**
 - v. Daily Doubles – There will be one during Jeopardy and two during Double Jeopardy. The person who selects the Daily Double will be the only one allowed to answer. He/she must wager a minimum of 1 point or the highest point value left in the round as to whether or not he/she gets the question right. Regardless of whether or not the person gets the question right or wrong, he/she will still retain right to select the next question.

Teams do not have to answer in the form of questions.
