Chapter 3: Membership Guidelines & Standards of Conduct

A. Membership Guidelines

Each sport club will determine its own membership guidelines, but they must be free of any restriction based on race, color, national or ethnic origin, religion, gender, disability, age, or sexual orientation. The following guidelines will help determine an individual’s membership status in any Texas A&M Sport Club.

- **Student**

  *Only* registered graduate and undergraduate students at Texas A&M who have paid Rec Center fees are eligible for membership in the sport club(s) of their choice. Only student members have the right to hold offices, and Texas A&M students shall have membership priority.

  - In order to compete and represent Texas A&M in a sport club, A&M Undergraduate AND Graduate students MUST be enrolled in at least 6 credit hours. Blinn TEAM students MUST be enrolled in at least 4 credit hours at Texas A&M. *Exception*: graduating seniors, may be taking less.

  - Blinn TEAM students are eligible for participation in sport clubs because they pay fees that give them access to certain services of the University, including Recreational Sports. They are considered students at Texas A&M, but are enrolled and take classes at both Texas A&M, as well as Blinn. Therefore, you should consult your league or association guidelines to determine these students’ eligibility for club competitions. Blinn TEAM members MUST have a minimum overall 2.0 GPR at Texas A&M in order to fully participate with a club.

  - Full time Blinn students are NOT eligible to participate in any Sport Club activity.

  - Texas A&M Former Students are NOT eligible to participate in any Sport Club activity.

  - A Texas A&M Galveston student may participate in a sport club on the college station campus if that Sport Club is not offered at the Texas A&M Galveston campus. The Sport Club staff must be notified of this situation. These students MUST abide by the same procedures, grade and credit hour rules, and conduct policies as College Station students.

  - Co-op and Health Science students must provide a letter from their program showing proof of enrollment and credit hours to the Sport Clubs office.

- **Associate**

  Any faculty or staff member who holds a current membership in the sport club(s) of his/her choice. However, faculty and staff members are ineligible to travel and compete on behalf of the sport club.

- **Minors**

  Minors who are not students at Texas A&M University are ineligible for membership and may not participate in regular activities of Texas A&M University recognized student organizations. *Exception*: Minors who are Texas A&M University students and have their guardians’ consent and signature on the Assumption of Risk form.
**Insurance**

Texas A&M University does not insure students who are injured during participation in extracurricular activities, such as sport clubs competitions, travel, practices, and other club activities; however, it is possible to purchase insurance plans for individual sport clubs events. The Department of Recreational Sports strongly recommends all Sport Clubs members have adequate medical insurance coverage. Please contact the Sport Clubs staff for more information about sport clubs events and insurance coverage.

**Intramural Sports Eligibility**

Eligibility rules for Intramural Sports are designed to provide an opportunity for everyone to play, to provide for balanced and fair competition, and to keep a team from stacking its roster with athletes of demonstrated or probable skill. The rules listed below cannot provide for all possibilities; therefore the Intramural Sports Staff, with the counsel of the Recreational Sports Advisory Committee, reserves the right to rule on the eligibility status of participants not covered specifically by the following rules.

As outlined in the 2014-2015 Intramural Rules & Regulations Handbook, competitive Sport Clubs members fall within a restricted player category. “Competitive Sport Clubs Members” are defined as:

Competitive sport club members: Any individual who appears on the travel list for that academic year of a registered Texas A&M Sport Club who competes with the Texas A&M Club team. In addition any individual who has participated in a minimum of 5 practices after the try-out phase with the competitive club is considered a competitive sport club member. Individuals who participate in fall practices will still be considered members for the sport club the entire academic school year, i.e. club soccer members from the fall will still constitute as restricted players in the spring. Off season practices are considered regularly scheduled practices even if no coach is present. The intramural sports staff will look at each situation individually. It is suggested that club members wanting to play intramural sports with other club members, check with the full time intramural staff prior to the season to prevent possible violations.

**Limitations for Restricted Players**

- No team shall have more than two “restricted” players on its roster (Exception: sand volleyball teams cannot have more than one volleyball Sport Clubs member)
- Teams with competitive club members must play in the competitive division (Exception: no restrictions for doubles teams)
- Restrictions last for fall and spring semesters
- Competitive club members must play in the highest skill level offered for the current academic year in their “associated” sport

Texas A&M’s Student Rules state "drinking or having in possession any alcoholic or intoxicating beverage(s) in public areas of the campus is prohibited." It is important student leaders familiarize themselves with this student rule because it specifies how alcohol can play a part in student organization activities or events. However, as with many rules or policies, it is not unusual for there to be questions or interpretation differences that need clarification by advisors or administrators.

It is expected all student organizations will have their activities (sponsored, authorized, sanctioned, and/or financed) approved by the group’s advisor.

1. The possession, sale, use or consumption of alcoholic beverages, in public areas of the campus is prohibited. Any situation sponsored, authorized, sanctioned, endorsed, and/or financed by an undergraduate student organization must be in compliance with any and all applicable laws and rules of the state, county, city, and Texas A&M University, and must comply with either BYOB or third party vendor guidelines. In addition, the event or activity must be approved by the group’s advisor.

2. No alcoholic beverage may be purchased through an organization’s funds, nor may the purchase of alcohol for members or guests be undertaken or coordinated by any member in the name of, or on behalf of, the organization. The purchase or use of bulk quantity or common sources of such alcoholic beverage (i.e. kegs or cases) shall be prohibited.

3. Open events, meaning those with unrestricted access to non-members of the organization, without specific invitation, where alcohol is present, shall be prohibited.

4. No members, collectively or individually shall purchase for, serve to, or sell alcoholic beverages to any minor (i.e. those under legal drinking age).

5. No organization may enter into an agreement to co-sponsor an event with an alcohol distributor, charitable organization or tavern (tavern is defined as an establishment generating more than half of the annual gross sales from alcohol) where alcohol is given away, sold, or otherwise provided to those present.

6. No organization may co-sponsor or co-finance a function where alcohol is purchased by any of the host organizations or groups.

7. All membership recruitment activities associated with any student organization shall be alcohol free.

8. No alcohol shall be present at any new member activity of the organization.

9. No event shall include any form of "drinking contest" or encourage the rapid consumption of alcohol in the activity or its promotion.

10. When traveling, you are considered representing the university and department from the time you leave campus until the time you return. Club members and participants MAY NOT consume any alcohol during a Sport Clubs trip at any time (including at dinner or after an event has concluded).

11. These rules apply to ALL Club members as well as anyone coaching the club—(including student coaches).

There is a ZERO TOLERANCE POLICY in regards to alcohol involved with any Sport Clubs event.

- any activity that induces, causes or requires the student to perform a duty or task which involves a violation of the Penal Code
