Chapter 3: Membership Guidelines & Standards of Conduct

A. Membership Guidelines

Each sport club will determine its own membership guidelines, but they must be free of any restriction based on race, color, national or ethnic origin, religion, gender, disability, age, or sexual orientation. The following guidelines will help determine an individual’s membership status in any Texas A&M Sport Club.

- **Student**

  Only registered graduate and undergraduate students at Texas A&M who have paid Rec Center fees are eligible for membership in the sport club(s) of their choice. Only student members have the right to hold offices, and Texas A&M students shall have membership priority.

  - In order to compete and represent Texas A&M in a sport club, A&M Undergraduate AND Graduate students MUST be enrolled in at least 6 credit hours. Blinn TEAM students MUST be enrolled in at least 3 credit hours at Texas A&M. Exception: graduating seniors, may be taking less.

  - **Blinn TEAM & Affiliated Co-Curricular** students are eligible for participation in sport clubs as long as they pay University fees they are considered students at Texas A&M, but are enrolled and take classes at both Texas A&M, as well as Blinn or other locations. Clubs should consult their league or association guidelines to determine these students’ eligibility for club competitions. **Blinn TEAM & Affiliated Co-Curricular members MUST have an minimum overall 2.0 GPR at Texas A&M in order to fully participate with a club.**

  - Full time Blinn students are NOT eligible to participate in any Sport Club activity.

  - **Texas A&M Former Students** are NOT eligible to participate in any Sport Club activity.

  - A Texas A&M Galveston student may participate in a sport club on the college station campus if that Sport Club is not offered at the A&M Galveston campus. The Sport Club staff must be notified of this situation. These students MUST abide by the same procedures, grade and credit hour rules, and conduct policies as College Station students.

  - **Co-op and Health Science students** must provide a letter from their program showing proof of enrollment and credit hours to the Sport Clubs office.

  - **Self-Identification for participation:** Individuals who identify as a woman are eligible to play on a women’s (and co-rec) teams; Individuals who identify as a man are eligible to play on men’s and (co-rec) teams. Transgender participants are eligible to play based on their expressed gender identity so long as they comply with all player eligibility. **It is recommended that clubs make sure they are in compliance with each National Governing Body for eligibility.**
Associate Members

Faculty or staff members who holds a current Rec Center membership AND pay club dues may be a member of a Sport Club. However, faculty and staff members are ineligible to travel, compete, and represent Texas A&M on behalf of a Sport Club.

Minors

Minors who are Texas A&M University students and have their guardian's consent and signature on the Assumption of Risk/Standard of Conduct form are eligible to practice & compete.

Insurance

Texas A&M University does not insure students who are injured during participation in extracurricular activities, such as sport clubs competitions, travel, practices, and other club activities; however, it is possible to purchase insurance plans for individual sport clubs events. The Department of Recreational Sports strongly recommends all Sport Clubs members have adequate medical insurance coverage. Please contact the Sport Clubs staff for more information about sport clubs events and insurance coverage.

Event Insurance

When hosting any event especially involving youth, your club will be required to obtain and have “Camp/Event Insurance”. This is a secondary insurance that can help off-set costs for youth injured during tournaments your club hosts on campus. This will be discussed in your individual event planning meetings with the Sport Clubs staff. In order to secure the insurance the staff will submit an application form to the Insurance office on campus. Along with this form, the club must submit to the staff a “Special Event Insurance Request Form” - SEIRF. This is a form that will “encumber” or hold money out of your SOFC account to pay for the insurance. The club will fill out this form, take to the SOFC, have the SOFC fill in the E number which is the encumbrance number, and return to the Sport Clubs Staff. They will submit both forms to the Insurance office to secure the secondary coverage. This needs to be done months in advance of the actual event dates. Rates each club will be charged from the SOFC account are:

In most cases it will be $.38 per participant - per day.

Competitions

As a member of the Sport Clubs Association at Texas A&M, it is expected that ALL participants and clubs when representing Texas A&M will participate and compete in collegiate divisions, and compete against other university/college students. When competing in an “open” or non-collegiate, participants should only compete against competitors over the age of 18. It is prohibited to compete against high school teams, students, or minors. In the case that a participant is a minor, but representing a college/university, they must be a recognized student of that institution following the procedures set forth by the rec sports program or institution.
Intramural Sports Eligibility

Eligibility rules for Intramural Sports are designed to provide an opportunity for everyone to play, to provide for balanced and fair competition, and to keep a team from stacking its roster with athletes of demonstrated or probable skill. The rules listed below cannot provide for all possibilities; therefore the Intramural Sports Staff, with the counsel of the Recreational Sports Advisory Committee, reserves the right to rule on the eligibility status of participants not covered specifically by the following rules.

As outlined in the 2017-2018 Intramural Rules & Regulations Handbook, competitive Sport Clubs members fall within a restricted player category. “Competitive Sport Clubs Members” are defined as:

Competitive sport club members:
Any individual who appears on the travel list for that academic year of a registered Texas A&M Sport Club who competes with the Texas A&M Club team. In addition any individual who has participated in a minimum of 5 practices after the try-out phase with the competitive club is considered a competitive sport club member. Individuals who participate in fall practices will still be considered members for the sport club the entire academic school year, i.e. club soccer members from the fall will still constitute as restricted players in the spring. Off season practices are considered regularly scheduled practices even if no coach is present. The intramural sports staff will look at each situation individually. It is suggested that club members wanting to play intramural sports with other club members, check with the full time intramural staff prior to the season to prevent possible violations.

Limitations for Restricted Players

- No team shall have more than two “restricted” players on its roster (Exception: sand volleyball teams cannot have more than one volleyball Sport Clubs member)
- Teams with competitive club members must play in the competitive division (Exception: no restrictions for doubles teams)
- Restrictions last for fall and spring semesters
- Competitive club members must play in the highest skill level offered for the current academic year in their “associated” sport

It is important student leaders familiarize themselves with this student rule because it specifies how alcohol can play a part in student organization activities or events. However, as with many rules or policies, it is not unusual for there to be questions or interpretation differences that need clarification by advisors or administrators.

1. Alcohol is **PROHIBITED** during ANY club-related activity (home or on the road while traveling).

2. The possession, sale, use or consumption of alcoholic beverages, in public areas of the campus is prohibited.

3. No alcoholic beverage may be purchased through an organization's funds, nor may the purchase of alcohol for members or guests be undertaken or coordinated by any member in the name of, or on behalf of, the organization. The purchase or use of bulk quantity or common sources of such alcoholic beverage (i.e. kegs or cases) shall be prohibited.
